ADVENTURE SPORTS & ENTERTAINMENT ■ JACKSON TOWNSHIP, NEW JERSEY  
[www.adventuresportsandentertainment.com](http://www.adventuresportsandentertainment.com)

Adventure Sports & Entertainment at Jackson is perfectly positioned to be successful by having a state-of-the-art Air Supported Structure indoor facility and synthetic turf playing surfaces along with opportunities such as dining and entertainment options, locating on-site hotel options and placing the entire complex next to Six Flags Great Adventure Amusement Park.

The demand for new, cutting edge sports facilities is on the rise with highly successful examples showing the standard for the industry: Spookynook Sports in Pennsylvania; Cal Ripkin Baseball in Maryland; Cedar Point Sports Center in Ohio and the well-known ESPN Wide World of Sports in Florida. These have all profited on the national trend of augmenting amusement parks with sports and entertainment offerings.

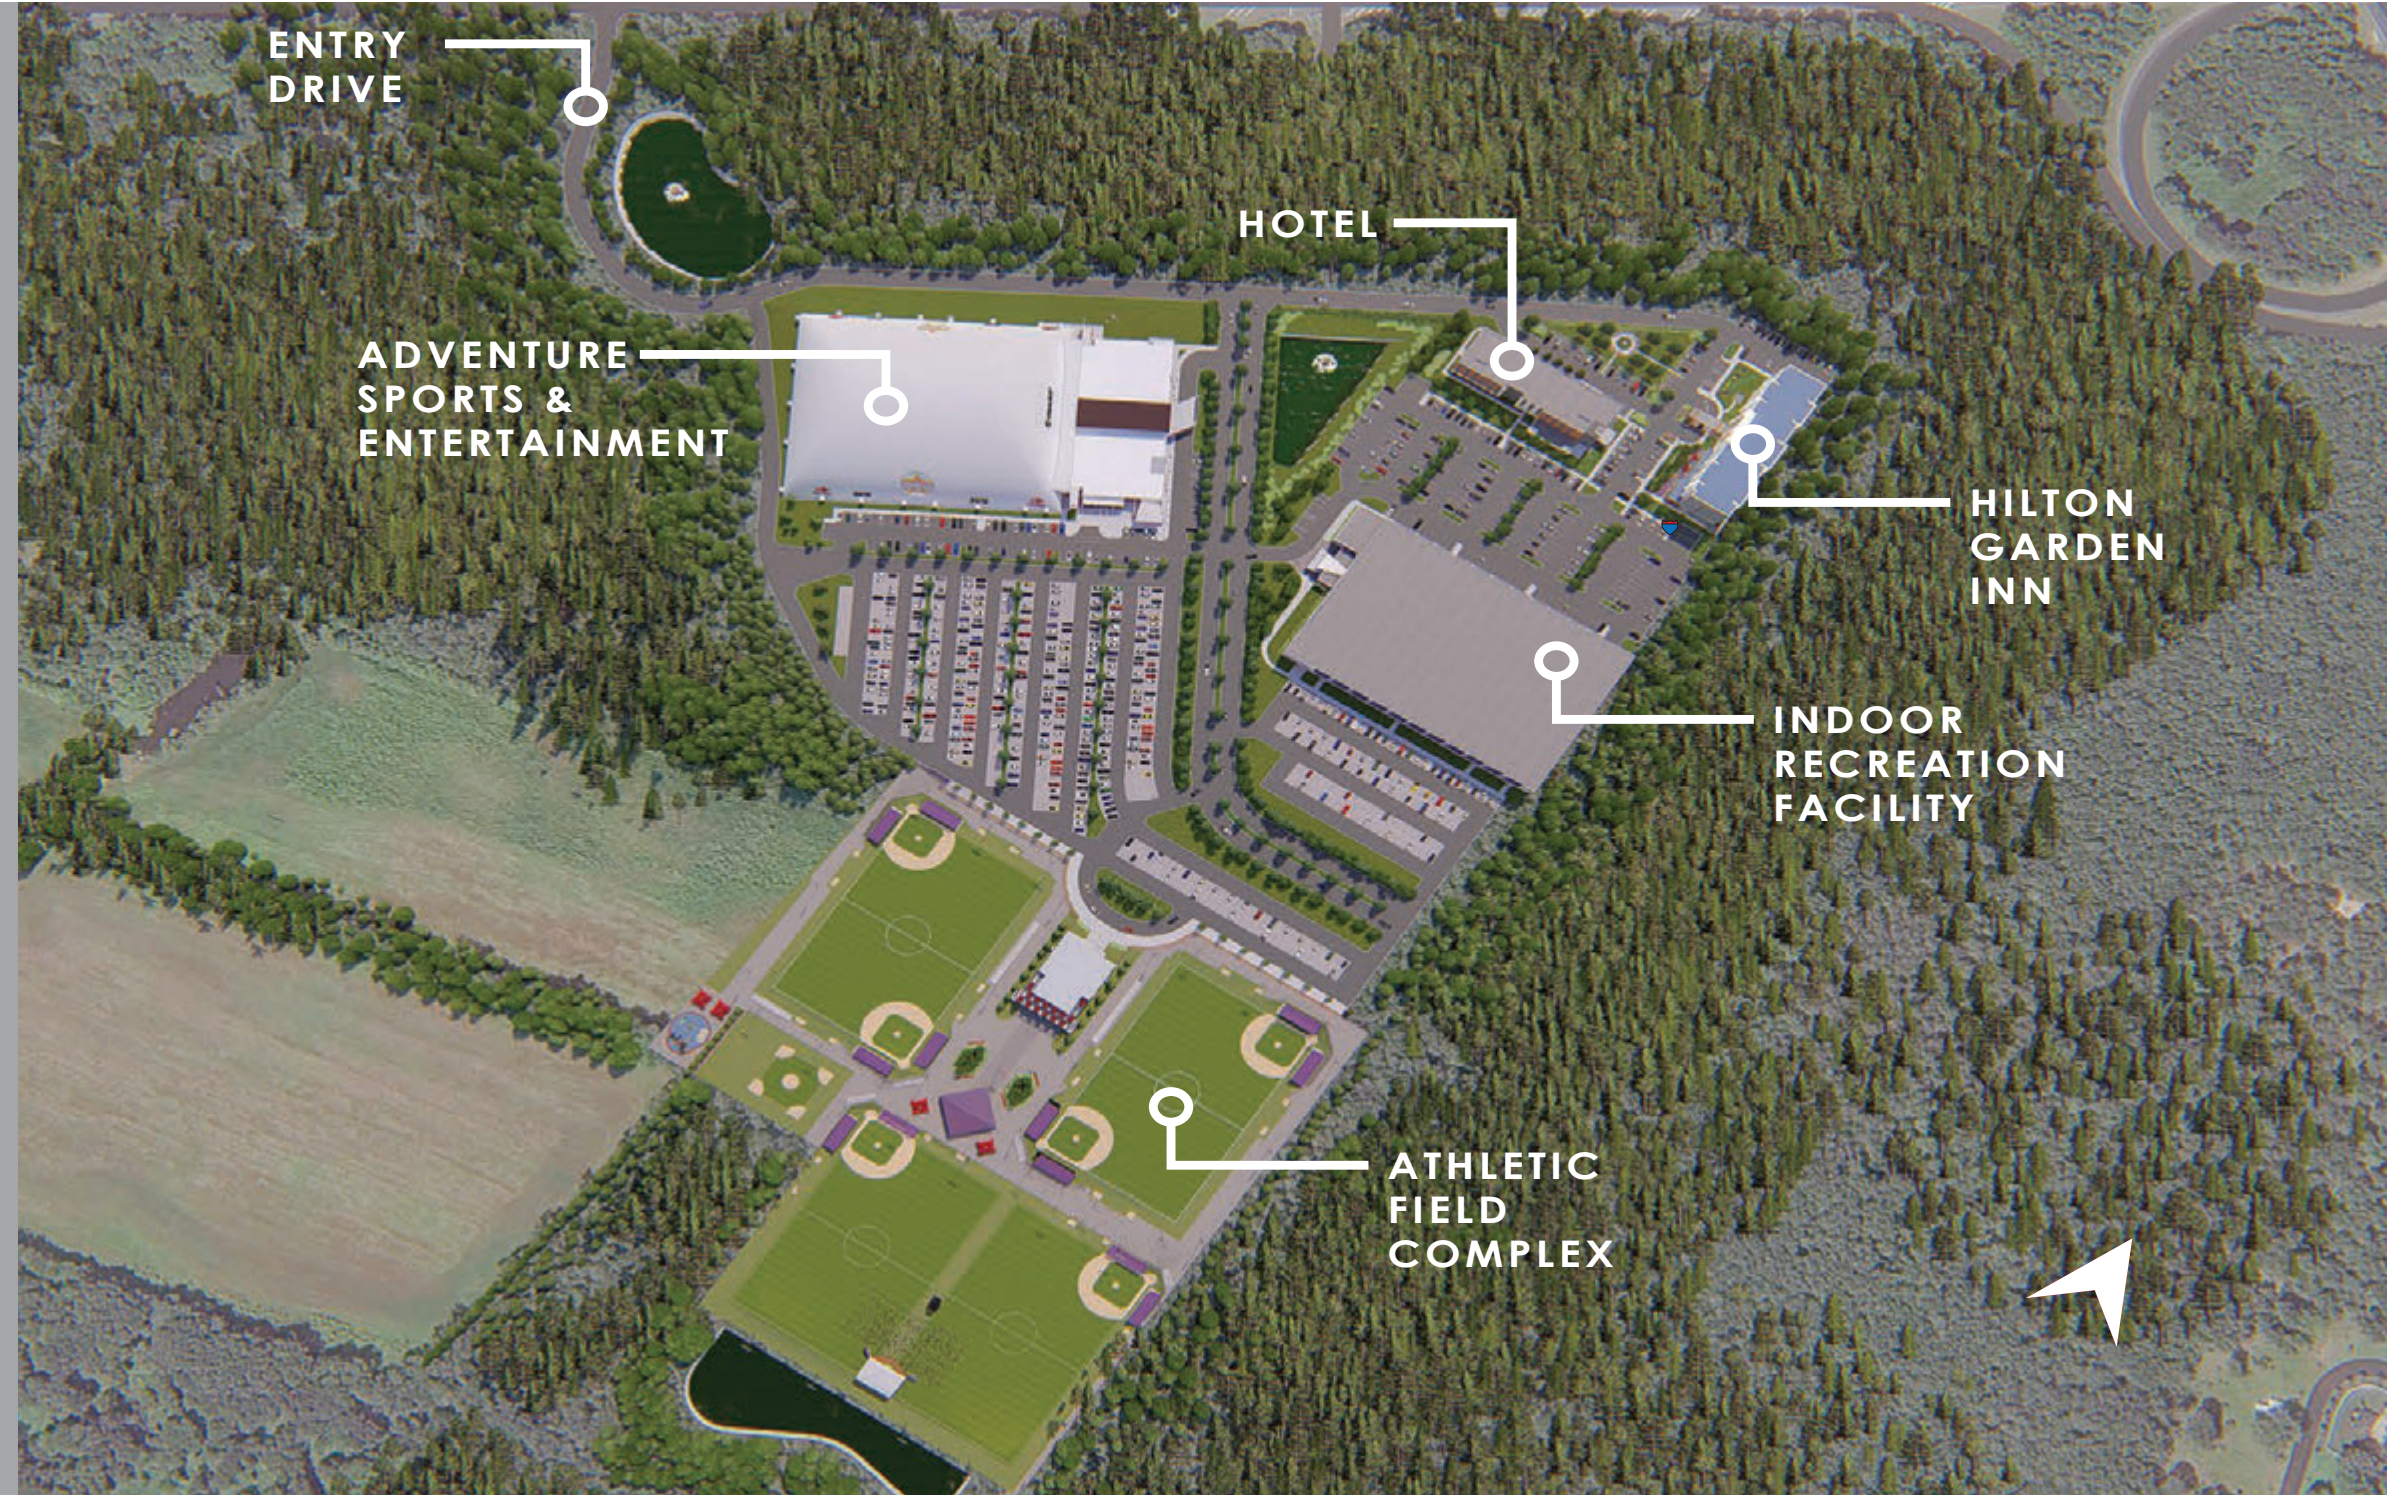

Spending on organized leagues (local and travel) as well as destination tournaments is on the increase with event promoters and sanctioning bodies looking for the best competitive locations with modern amenities in close proximity to the venues. These leagues and tournaments occur over several days and regional travel is enhanced by the proximity to other forms of entertainment and recreation areas.

[www.adventuresportsandentertainment.com](http://www.adventuresportsandentertainment.com)

# THE PROJECT

Adventure Sports & Entertainment will be a state-of-the-art sports and entertainment complex, located within the Adventure Crossings USA in Jackson Township, New Jersey. It will be the new premiere home to organized sports teams, leagues, associations, individuals and the community and provide a “best-in-class” environment for competitors, coaches, officials, athletes, parents and supporters.

It will feature health and wellness opportunities through a variety of professional, licensed programs and activities. There are two initial major hotels planned to service the hospitality needs of the entire project. The first, which has already been approved and scheduled to be open by the winter of 2019 is a 134 room Hilton Garden Inn which will be a full service hotel, including an upscale restaurant and bar serving breakfast, lunch and dinner, indoor pool and health club, business center and meeting rooms along with a luxurious 10,000 square foot banquet and conference facility. The Complex will also provide championship-caliber outdoor fields and team needs that will instantly brand Adventure Sports & Entertainment as the preferred venue to host local, regional and national competitions.

The centerpiece of the Complex is a climate-controlled indoor Air Supported Structure designed to be flexible enough to meet any team’s needs. The Air Supported Structure will be outfitted with state-of-the-art laser tag, arcades, various dining choices, meeting rooms, superior audio and video technology & much more. The indoor Air Supported Structure will provide an exceptional experience unmatched in the local or regional marketplace.

# OBJECTIVES AND COMMITMENT

- To develop a full service sports and entertainment complex, launching with the centerpiece: A state-of-the-art indoor competition and entertainment Air Supported Structure.
- To develop rewarding partnerships with local, regional and national organizations that will provide support and funding for various elements of Adventure Sports & Entertainment.
- To serve as the key component of a larger plan that serves to enhance the value of the overall development and the larger Jackson community.
- To create sufficient opportunities to maintain financial sustainability for partners and stakeholders.
- To create a destination location, one that drives repeat business and opportunities.

# CARDINALE ENTERPRISES

Cardinale Enterprises is a leading real estate investment and development company that has built a solid reputation in the New York and New Jersey commercial real estate marketplaces. For more than 25 years, our company has established a track record of excellence by developing, marketing, managing, and investing in retail properties and mixed-use developments throughout the Northeast.

Cardinale Enterprises is led by Vito F. Cardinale and his partners, Frank Mozino and Nick Ponzio. To date, Cardinale Enterprises has developed a portfolio of over 2,000 acres of commercial and residential real estate, and manages more than 200,000 square feet of commercial property in New York and New Jersey.

Our portfolio includes open-air shopping centers, office and medical space in an environment that focuses on architectural design and mixed use applications. The company is currently planning the development, construction and management of an additional 1,000,000 square feet of commercial space in the tri-state area.
