**OPERATIONAL EXCELLENCE** - The Collectramatic has the largest cold zone in the industry and can perform 20-30 cook cycles without filtration, which extends shortening life and reduces filtering downtime. If speed of service is important, the fryer's heat curve can be adjusted to cook up to 18 lbs. of fried chicken in as little as ten minutes. Utilizing Winston's Quarter Rack system improves labor efficiencies because the chicken is cooked on racks and moved directly into the holding cabinet with minimal handling.

**EASY-TO-USE CONTROLS** Collectramatic fryers are offered using the KFC approved 8 channel Winston control or FAST VC210 20 channel control.

**BUILT TO LAST WITH QUALITY CRAFTSMANSHIP**, the cylindrical cooking pot of the Collectramatic fryer is constructed to last for many years of use. Each fryer is built with high grade stainless steel and uses less than three moving parts.

**WARRANTY.** Winston provides a standard limited warranty of two year on parts and two year on labor. Winston does not warrant FAST controls. Warranty disclaimer for failure to clean. Ask for complete warranty disclosure.
