

DURALIFE® BRAKE CLEANER

Duralife® Brake Cleaner is a high quality product designed specifically to remove grease, oil, dirt & dust, brake fluid and other contaminants from brake parts and other metal objects without leaving residue. It helps stop brake squealing and can improve braking performance.

APPLICATIONS:

Duralife® Brake Cleaner is recommended for use on all brake parts of vehicles and metal parts of workshop equipment.

It cleans brake pads, brake discs and cylinders, brake linings, backing plates, pressure plates, drums, rotors, springs, starters, electric motors, switches, contacts, etc. It also degreases chains and tools.

BENEFITS:

- Excellent dissolving property.
- Dries quickly.
- No residue. No petroleum solvents. Non-conductive. Non- corrosive.
- Excellent cleaning braking and longer lasting brake system

TECHNICAL DATA:

Appearance/Odor/Color: Clear thin liquid/ Solvents hydrocarbons/ Colorless.

Specific Gravity @ 20°C (68°F): 0.80

Flash Point , °C (°F) : < 0

Vapor pressure @ 20°C (bar) : 5.5 - 6.5

Shelf life : Guaranteed for 05 years.

The above characteristics are average values based on recent production. Minor variations which do not affect product performance are to be expected in normal manufacture.

WARNING:

Keep out of reach of children and avoid contact with skin and eyes.

Keep away from flames and other ignition sources. Do not place in direct sunlight or near any heat source. Vapors may collect in low areas and may become flammable.

Do not discharge used liquid into drains. All used and unused product must be disposed of in accordance with federal, state and local regulations.
