

Amazing Thoughts!

What you think about you speak about; what speak about you bring about.
Your thoughts create your reality... what are you thinking, is it working for you?

Think seriously about this for a moment...

Anxiety and fear strips away courage and makes great performances impossible.

Doubt makes even the best decisions feel difficult and causes procrastination.

Anger rips your focus away from your goals.

Frustration can only serve to make you quit.

Guilt makes it impossible to enjoy any successes you achieve.

Jealousy and envy create dishonesty, hate and corruption.

In reading that just now, did you notice that the only things that can truly stop you are your own thoughts and emotions?

Likewise, the only things that can launch you into doing, being and having anything you want in life are also your thoughts and emotions.

The success desired depends on self-belief, determination, willpower and persistence and the action you take.

Despair will take you out of action and Action will take you out of despair!

We make our own **realities**, our own **fate** and our own **luck** ... that, is how powerful we are... and THAT is how powerful YOU are, and in order to offset all the contradictory thinking of the masses, YOU NEED TO HEAR THIS KIND OF MESSAGE as often as you hear all the others.
