Covered California is the place where Californians can get brand-name health insurance under the Patient Protection and Affordable Care Act. It’s the only place to get federal premium assistance to help you buy private insurance. That means you may qualify for a discount on private insurance, or get health insurance through the state’s Medi-Cal program. Either way, you’ll get great health coverage.

Covered California

Our Mission is to provide outstanding services and advocacy that promote better quality of life and equal opportunity for immigrants and other communities.

For health insurance and appointment info, please call (213) 808-1792
