

In middle school, Fanny, the current vice president had introduced me to LACYC because she knew I was looking for hours. I had the intention of going for regular tutoring hours, but then Fanny asked me if I wanted to be in the leadership team as a freshman representative. I said yes. I realized that I would have the opportunity to make a greater positive impact on my community if I took up this position in comparison to being a tutor, so I thought, "Why not?" I would be able to do more. I also saw it, like the others, to be a great chance to exercise my leadership

skills. Along with the notion that the whole experience might be fun, I took the chance and haven't regretted my decision since.

- Jason Li, President

I joined the leadership team, not only to gain leadership skills, but to also help the community I grew up in. I am able to develop skills I was never really great at like communication and public speaking by interacting with my peers. I enjoy being active in the community and being able to learn how I can give back to a community that has always been there for me.

- Joan Yan, Advisor/Mentor

I joined CSC to better my future and the future of my community. I've always had a passion for helping others, but I didn't know how I could offer my help. However, my opportunity came when my friend Jason told me about CSC. Being apart of CSC allows me to build a better and safer environment for everyone. Furthermore, taking on a leadership role would further polish my oral and leadership skills.

- Phanuphong Techasiri, Secretary

I'm on the LACYC leadership team because I want the opportunity to develop my leadership skills as well as my communication skills. I hope to set a good example for others as a leader and as a Chinatown community member. I want to make CSC a friendly and open place for the community, for volunteering, and for community events.

- Fanny Situ, Event/Volunteer Coordinator

I chose to be a member of the CSC leadership team because I am committed to providing volunteer opportunities and resources for the youth of Chinatown and the surrounding communities. I love being able to interact with and help my fellow community members, and being a part of this team has been very important in making that possible.

- Helen Situ, Event/Volunteer Coordinator

My friend Phanu introduced me to CSC and I thought it would be a great way to practice public speaking, organizing and leadership skills. The team also helps me with my time management skills as well as my organising skills. I spent my childhood in Chinatown and I'm glad to have the chance to give back. I joined the leadership team because through this team I am able to help the community that has helped me numerous times and is still giving me opportunities to improve my life and the lives of others.

- Grace Chow, Outreach Coordinator
